Simplifying **Collaboration for Microsoft Teams and Office365**

SOLUTIONS BUILT TO SIMPLIFY SHAREPOINT AND ACCELERATE COLLABORATION IN OFFICE 365 AND MICROSOFT TEAMS

Titan Workspace is a suite of document management and productivity solutions designed to simplify how people connect and work in Microsoft 365. Titan Workspace is the only tool you need to make Microsoft 365 work for all business users without spending a fortune on SharePoint custom development. Titan Workspace is ready "out of the box" to deliver secure and collaborative solutions on your M365 platform and inside Microsoft Teams

Titan Workspace Business Process as a Service (BPaas) extends the benefits of SharePoint and M365 and allows users to design and implement workflows in just 30 minutes.

No More SharePoint Customizations

Perfect for delivering following four key solutions

Document management, approvals, guest user portal

Automation of internal processes using SharePoint

Creating Task and Project application for business users and Power Platform

Launch employee Intranet with self service content management

Low-Code/No-Code layer that simplifies SharePoint

Save 80% of your time and cost

Document Management System

- Easily set up document permissions, security controls, and restrictions.
- Trade manual, paper-based processes for digital document management and easy e-signatures.
- Effectively enforce compliance through document tracking and version control.
- Securely share any document with external parties removing the barriers of productivity.
- Eliminate the costs and risks of external, third-party document and e-signing tools.

Workflow Automation

- No Code Workflow Tool.
- Simplifying Power Platform to Launch Complex Workflow.
- No Need of Developers for Power Platform or SharePoint.
- 80% Cost Saving as Compared to Custom Workflow Development.

Project & Tasks Management

- Keep projects on track and profitable with full visibility into every document, task, and change using Titan's Project and Tasks Management.
- Save time and costs by consolidating and centralizing project management in one tool.
- A timesheet can be used to easily track, manage, and report on employee time. Titan workspace makes it easy with its timesheet solution to track the hours worked and logged by each employee.

Intranet

- Quickly get your own intranet up and running to provide employees with a seamless user experience.
- Remove the barriers of productivity and empower your entire workforce to work anytime, from anywhere in the world.
- Create the modern, mobile, and digital experience employee's demand.
- Centralize operations in a secure and scalable environment.
