Titan Workspace

Streamline Your Business with No-Code Workflow Automation with SharePoint and Power Automate

Why Workflow Automation Matters?

Manual business processes like approvals, requests, and other workflows are inefficient, prone to errors, and have limited transparency. Digitally transforming and automating workflows with seamless no-code tools boosts efficiency and enables data-driven business continuity.

Increased Efficiency

Enhanced Visibility

Improved Accuracy

Cost & time Savings

Switch from e-mail based manual approvals to automation

Titan Workspace can be used to automate a variety of workflows Here are some examples :

Employee onboarding

Travel request

Employee offboarding

Vendor onboarding

Expense approval

Purchase requisition approval

Budget approval

Accounts payable approval

Introducing Titan Workspace for Automating Workflows

Titan Workspace provides easy-to-configure no-code workflow automation for Microsoft 365 and SharePoint. Top-notch benefits of automating workflows include:

- Intuitive customizable portal - Build manual and complex processes without coding knowledge

- Configurable forms, stages, rules, and notifications - Customize it all without IT help

- Complete workflow solution without Power Automate licensing

- Seamless Microsoft Teams integration

60%
Cost savings

Experience unparalleled cost efficiency compared to custom development on Power Apps or SharePoint.

No Power Apps subscription needed

Titan Workspace

✓ **Annual subscription fee per business process**
